IronPort Systems™ Names Bob Kavner Chairman of the Board

Former CFO of AT&T Deepens IronPort's Email Security Acumen

SAN BRUNO, Calif.—April 27, 2004—IronPort Systems, the world's leading email infrastructure products and services company, today announced that Bob Kavner has been named chairman of the board of directors. Kavner, former CFO of AT&T and former CEO of On Command Corporation, joins board members: Jack Smith, inventor, co-founder and CTO of Hotmail Corporation; Bob Ackerman, co-founder of Allegis Capital; Doug Carlisle, Managing Director at Menlo Ventures; Scott Banister, co-founder and CTO of IronPort and founder of ListBot; and Scott Weiss, CEO and co-founder of IronPort.

"Bob's experience in general management, finance and operations will be a great asset to IronPort," said Scott Weiss, IronPort CEO. "His knowledge and strategic vision will help us grow our business and exceed expectations in an incredibly dynamic marketplace."

"IronPort is playing a key role in redefining the way email works," said Kavner. "I am pleased and excited to be associated with IronPort's talented management team. With their extensive experience and track record, I have no doubt that IronPort will take a leadership position and make a lasting, positive mark on email infrastructure worldwide."

Bob Kavner was Executive Vice President of AT&T, where he also served as Chief Financial Officer for several years before being promoted to Chief Executive Officer of AT&T's Multimedia Products and Services Group. Additionally, he was a member of AT&T's Executive Committee. For two years in the late 1990s, Mr. Kavner was CEO of On Command Corporation, a provider of in-room video systems to the lodging industry.

Currently Mr. Kavner serves on the Board of a number of companies including Earthlink Networks, Storcard, Inc and Idealab. Mr. Kavner was Chairman of the Board of Overture Services until the company was sold to Yahoo in September 2003. In addition, he served on the Board of FleetBoston Financial, Duracell International, Jupiter Communications, Olivetti Computers, Philips Telecommunications, Sun Microsystems, Tandem Computers, and Ticketmaster Online-CitySearch.

ABOUT IRONPORT SYSTEMS™

IronPort Systems is the leading email infrastructure products and services provider for organizations ranging from small businesses to the Global 2000. The company has developed a family of products called Messaging Gateway™ appliances that offer breakthrough performance, unprecedented ease of use and reduced total cost of ownership. Additionally, IronPort Information Services, Bonded Sender (www.bondedsender.com) and Senderbase (www.senderbase.com), help guarantee the delivery of legitimate email and thwart the voluminous threat of unsolicited commercial email (UCE) or spam. For more information on IronPort products and services, visit: <http://www.ironport.com/>.
